BECOME A COMMUNITY PARTNER →

Every young person deserves to belong.

Nexsteps Live is a developing community initiative helping children and young people aged 8-18 take part in experiences they might otherwise miss.

WHO WE WANT TO REACH

Young people with disabilities or SEND, children in care, and those facing financial, social or practical barriers to leisure and community life.

Not just a day out.

A chance to...

Build confidence

Try new places and experiences with appropriate support.

Feel included

Discover shared interests and connect with other young people.

Make memories

Enjoy the excitement of sport, music, arts and leisure.

Let's make experiences possible together.

We are inviting businesses, clubs and leisure venues to help turn everyday opportunities into extraordinary memories.

01

LEISURE & VENUE PARTNERS

Offer complimentary or reduced-price tickets, accessible group visits, quieter sessions or behind-the-scenes experiences.

02

BUSINESS SPONSORS

Sponsor an outing, contribute to transport or support the wider inclusive activities programme.

03

COMMUNITY & REFERRAL PARTNERS

Help us reach children and young people who would benefit, and shape activities around their interests.

A partnership does not have to mean a donation.
Tickets, access, expertise and practical help can all matter.

Be part of something good.

Launching across a focused corridor of communities.

How a travel partner could help.

Practical support can open doors.

Discounted or donated travel

Help families and groups access opportunities they might otherwise miss.

Make outings easier to organise for schools, community groups and support services.

Station familiarisation and travel confidence
